

Introduction to Basic Photography

Photo Assignment # 8: The List - your final photographic exercise

Due Thursday Dec 4

What is due?

- 1) 5 jpeg digital images, 1080 pixels on the long edge, placed in a folder on our vico 2521 server space at: `afp://photoserver.viscom.ohiou.edu`
- 2) Submit one photo for each item on the list below.
- 3) A digital "contact sheet" in PDF format showing at least 60 of your camera raw images, please place it also on our server space.
- 4) A signed model release for your portrait of a classmate. A hard photocopy or PDF on the server is OK.
- 5) A signed parental model release if you photographed anyone under 18 years of age or someone photographed in a private place. A hard photocopy or PDF on the server is OK.
- 6) Photo quality prints from *two* of your favorite pictures from this series

The Shoot:

This exercise should draw upon all of your knowledge for both technical and for creative aspects of photography. To make your pictures more interesting, don't forget the creative devices handout. The list of topics is given below. Be sure that you don't mechanically make pictures without thinking about how the topic items can actually enhance the photo. The subject should benefit from it.

The List:

1. Purple
2. Pattern
3. An image shot from an elevated place
4. Dark or Light
5. Directed portrait of a classmate in this class (no candids). Have them complete a model release.

You have a lot of creative freedom for this assignment. Think of clever ways to incorporate the list items into your photograph. Don't be literal.

Submitting the Files:

In the Assignment 8 folder, place the selected JPGs plus the PDF contact sheet named as follows:

Re-name your selected files as: LastName_FirstInitial_list_01.jpg

Examples: Jones_R_list_01.jpg Jones_R_list_02.jpg Jones_R_list_03.jpg etc.

The PDF contact sheet would be named Jones_R_list.pdf

Grading:

This set of photos is worth 100 points out of the 1200 total points for the class.
